<b>Interest on uninvested funds</b>		
Interest on uninvested funds will be paid monthly on the previous month's daily-cash balances. When invested internally with the Bank, the interest rate used will be the average Federal Funds rate for the previous month adjusted by the bank's Federal Reserve Bank reserve requirement less an administrative charge. If invested externally with a third-party money market fund, the interest rate used will be the third-party fund rate paid for each day of the previous month less an administrative charge.		
<b>Other Custodian Services</b>		
We would be pleased to prepare, upon request, customized offers for clients who have special custody needs.
